DETAILED ACTION

Election/Restrictions

Newly amended claims 1-6, 11, 21, and 22 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The aforementioned claims contain subject matter specific to embodiment 2A, which is a non-elected invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-6, 11, 21, and 22 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Response to Arguments

Applicant's arguments filed on April 6, 2004 have been fully considered but they are not persuasive. Applicant states that claims 8 and 12 that were previously withdrawn by Examiner as being drawn to a non-elected species should be "reinstated as being drawn to the elected invention." Examiner respectfully disagrees and draws Applicant's attention to Page 11 [0037] – [0039] of the specification, wherein Applicant discloses that the arcuate shape and 120 degrees recited in Claims 8 and 12 are directed to Figure 2A. Figure 2A is indeed the non-elected invention. Thus, withdrawal of Claims 8 and 12 still stand.

Response to Amendment

The reply filed on April 6, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Pending claims 1-6, 11, 21, and 22 contain subject matter specific to embodiment 2A, which is a non-elected invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-6, 11, 21, and 22 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
